Highlights of key business units

Alliance with CATTOLICA

- MAPFRE and SOCIETÀ CATTOLICA DI ASSICURAZIONI (CATTOLICA) will develop jointly the Motor insurance business distributed through the CATTOLICA agents network in Italy
- The instrument of the alliance will be DUOMO ASSICURAZIONI, a subsidiary of CATTOLICA, which was merged with subsidiary UNIONE ASSICURAZIONI at the end of 2006. For this purpose, DUOMO will be renamed as MAPFRE CATTOLICA AUTO (MCA) and will receive the Motor insurance portfolio of CATTOLICA, to which it will transfer in turn all its Non-Motor portfolios

- MAPFRE will acquire a 50% shareholding in MCA for a price of €473 million
- CATTOLICA and MAPFRE will share the management of MAPFRE CATTOLICA AUTO and will nominate an equal number of members of the Board of Directors. MAPFRE will appoint the General Manager and will approve the candidate for the position of Managing Director prior to his/her appointment by CATTOLICA
- MAPFRE is already a shareholder of SOCIETÀ CATTOLICA DI ASSICURAZIONI (stake in excess of 3% as at 31.12.2006)

Alliance with CATTOLICA (ctd.)

- MAPFRE CATTOLICA AUTO will begin to operate with:
 - a volume of business in excess of €1.1 billion
 - a distribution network with over 1,400 branches throughout Italy
 - an initial net equity of €400 million
- MCA will sell a range of Motor insurance and complementary simplified Homeowners' insurance products
-  – The alliance with CATTOLICA enhances MAPFRE's growth potential:
 - giving it access to one of Europe's most developed economies, yet with an under penetrated Motor and Homeowners insurance market
 - benefitting from the business and profit growth that MCA will derive from the combination of MAPFRE's expertise and management approach with CATTOLICA's extensive distribution network and strong brand
- MAPFRE will finance its investment in MCA with available cash and debt

MAPFRE CATTOLICA AUTO will rank as the 5th largest Motor insurer in Italy

MAPFRE CATTOLICA AUTO: Management approach

– MCA will adopt MAPFRE's successful management approach:

- Strictly technical underwriting policy, based on the customer's risk profile and on the type of vehicle
- Wide product range, with a significant content of higher-added value covers
- Cross-selling of complementary Homeowners' insurance products
- Sharp customer service focus embedded into product features and the entire claims handling process
- Tight control on claims costs, as well as on acquisition and operating expenses
- Prudent investment policies and integrated risk management systems
